

As an ex broadcaster. I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge Uou (the FCC) to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. Thank you for taking the time to read my e-mail.  
Sincerely,
